

**EVA FRANCESCA MARTELLOTTA**  
**CURRICULUM VITAE ET STUDIORUM**

**PERSONAL DETAILS**

Name Eva Francesca Martellotta  
E-Mail eva.martellotta@griffithuni.edu.au  
eva.martellotta@gmail.com  
Nationality Italian  
Date of Birth 2<sup>nd</sup> April 1991  
Place of Birth Mesagne (Brindisi, Italy)

**EDUCATION**

*2019 - current*

Griffith University (Brisbane, QLD, Australia)  
School of Environment and Science  
Australian Research Centre for Human Evolution  
Doctor of Philosophy  
Topic: Bone and Wooden Retouchers in Palaeolithic European and Aboriginal Australian Contexts  
Principal Supervisors: Dr Michelle Langley  
APro Adam Brumm  
Associate Supervisor: Dr Jayne Wilkins

*2018*

University of Ferrara (Italy)  
Prehistory and Anthropology Department  
MA in Quaternary, Prehistory and Archaeology  
Dissertation: *Homo neanderthalensis*: lateralità e strumenti. Un approccio tecnologico e sperimentale applicato ai ritoccatore in osso provenienti dai livelli tardo-musteriani di Grotta di Fumane (VR) / *Homo neanderthalensis*: tools and laterality. Technological and experimental analysis applied to a sample of bone retouchers from Late-Mousterian layers of Fumane Cave (Verona, Italy)  
Supervisor: APro Marco Peresani  
Associate Supervisor: Dr Matteo Romandini  
Final Mark: 110/110 cum laude

2015

“Sapienza” University of Rome (Italy)

Faculty of Arts and Humanities

BA in Archaeological Sciences

Dissertation: Analisi Sperimentale e Tecnologica di un Campione di “Teste di Mazza” provenienti dall’area del Sinis Settentrionale (Età Nuragica – Sardegna centro-occidentale). / Experimental analysis of a specific type of macro-lithic tool (“Testa di Mazza”), peculiar of the Nuragic phase in Sardinia (17th-9th century BC).

Supervisor: APro Cristina Lemorini

Final Mark: 108/110

## RESEARCH PUBLICATIONS

Martellotta, E. F., Livraghi, A., Peresani, M. (In press).

*Bone retouchers from the Mousterian Quina site of De Nadale Cave (Berici Hills, north-eastern Italy). Retouchers en os du site Moustérien Quina de Grotte De Nadale (Collines Berici, Italie nord-orientale). Comptes Rendus Palevol.*

Martellotta, E. F., Castangia, G., Lemorini, C. (2020)

“Teste di mazza”: the Nuragic mace-heads (Sardinia, Italy). *Technological and experimental analysis*. *Lithic Technology*, 45(2), 86-109. 10.1080/01977261.2020.1719686.

## AWARDS

Student Research Grant 2020 - European Human Behaviour and Evolution Association (EHBEA)

Project title: Bone Retouchers - First evidence for “recycling” in human history

## PARTECIPATION IN CONGRESSES

XXIII Italian Anthropological Association (AAI) Conference - Anthropology: what are the next questions?  
4th – 6th September 2019, Padova, Italy.

Martellotta E. F.

*From the tools to the handedness. A technological and experimental approach applied to the bone retouchers from Late-Mousterian layers of Fumane Cave (Verona, Italy). Poster.*

9<sup>th</sup> Annual Meeting of Italian Association of Zooarchaeology (AIAZ)

RAVENNA (Italy), 28<sup>th</sup> November – 1<sup>st</sup> December 2018

Martellotta, E. F., Romandini, M., Peresani, M., Bortolini, E., Benazzi, S.

*Homo neanderthalensis: lateralità e strumenti. Un approccio tecnologico e sperimentale applicato ai ritoccatore in osso provenienti dai livelli tardo-musteriani di Grotta di Fumane.* Poster.

## RESEARCH EXPERIENCE

*July - September 2019*

*University of Ferrara – Prehistory and Anthropology Department (Ferrara, Italy):* research scholarship finalized to the study of Paleolithic bone retouchers from Fumane Cave. The research consists in the technomorphological analysis of these tools through traditional and innovative technologies – such the morphometric analysis by the use of 3D models.

*October – November 2018*

*University of Ferrara – Prehistory and Anthropology Department (Ferrara, Italy):* research support activity consisting in the technological analysis of lithic artefacts from Uluzzian layers of Fumane Cave (Italy).

## OTHER PUBLICATIONS

Martellotta, E. F., Romandini, M. (2019). *Schegge d'osso, ritoccatore musteriani: la manualità neandertaliana.* In: Orsi delle caverne e ultimi Neandertal. Un archivio archeologico in Friuli: Grotta del Rio Secco. Peresani, M., Romandini, M., (Eds). ISBN: 979-12-200-5685-4. Udine, Italy.

Camilloni, N. J., Martellotta, E. F., Nannini, N., Paiola, S., Pellizzari, S., Peresani, M., Perez, A., Romandini, M., Terlato, G. (2018). *Orsi e Uomini. Un Preistoria dei Colli Berici.* Dal Lago, A., Pellizzari, S., Romandini, M., Terlato, G. (Eds). Exhibition catalogue. ISBN: 978-88-96227-55-8. Vicenza, Italy.

## STUDY ABROAD EXPERIENCE

*Mach – July 2017*

*Centre National de la Recherche Scientifique CEPAM (Nice, France):* traineeship in the field of lithic industries in Prehistory finalized to the acquisition of the theory and the practice of the Techno-Morpho-Functional Analysis, applied on lithic artefacts from Mousterian layers of Fumane Cave (Italy). Supervisor: Dr Elisa Nicoud (Université Côte d'Azur, Nice, France).

## WORK EXPERIENCE

*November 2018 – February 2019*

*Studio di Consulenza Archeologica Co. (Ugento, Italy):* archaeological assistance and supervision of the construction of the water supply network by the Acquedotto Pugliese Ltd. in several sites (Mesagne, Torre Lapillo, Carovigno, Taranto – Italy).

*August – September 2018*

*Archaeological Collective "Homo 3.0"* (Verona, Italy): person in charge for the guided tours of the Palaeolithic site of Fumane Cave (Verona, Italy).

## FIELDWORK EXPERIENCE

*September 2019*

*September 2018*

*September 2017*

Paleolithic site of *Riparo del Broion* (Vicenza, Italy): excavation, documentation, archival, sieving and sifting of archaeological records.

Supervisor: Dr M. Romandini (University of Bologna, Italy).

*July 2019*

Paleolithic site of *Grotta di Fumane* (Verona, Italy): excavation, documentation, archival, sieving and sifting of archaeological records.

Supervisor: APro M. Peresani (University of Ferrara, Italy).

*June 2017*

Middle-Bronze Age site of *Monti Barbatu* (Olimeto, Corse-du-Sud): excavation and documentation.

Supervisor: Kewin Peche-Quilichini (Institut National des Recherches Archéologiques Préventives, France).

*June 2017*

Paleolithic site of *Valle Giumentina* (Pescara, Italy): excavation, documentation and archival of archaeological records.

Supervisor: Dr E. Nicoud (Université Côte d'Azur, Nice, France).

*September 2016*

Open-air Upper Paleolithic site *Campon di Monte Avena* (Belluno, Italy): excavation, documentation and archival of archaeological records, public relations officer.

Supervisor: APro M. Peresani (University of Ferrara, Italy).

*July 2016*

Paleolithic site of *Grotta di Fumane* (Verona, Italy): excavation, documentation, archival, sieving and sifting of archaeological records.

Supervisor: APro M. Peresani (University of Ferrara, Italy).

*June 2016*

*Grotta della Ciota Ciara* (Vercelli, Italy): excavation of Middle Paleolithic layers and archival of archaeological records.

Supervisor: APro M. Arzarello (University of Ferrara, Italy).

*May 2016*

Paleolithic site of *Grotta Mario Bernardini* (Lecce, Italy): excavation, documentation, archival of archaeological records, public relations officer.

Supervisor: Dr L. Carmignani (Universitat Rovira i Virgili, Tarragona, Spain).

*June 2014*

*Via Nomentum-Eretum* (Rome, Italy): excavation and anthropological analysis of human remains of Roman “a cappuccina” burials (1st BC – 3rd century AC).

Supervisor: T. Sgrulloni (Archeoclub d’Italia – branch of Monterotondo, Italy).

*September – October 2013*

*September – October 2012*

*Capo Mannu Project* (<http://capomannuproject.it/>): systematic field survey of the Capo Mannu area in central-western Sardinia and excavation at the Bronze and Iron Age sites of Su Pallosu and Serra Is Araus (Oristano, Sardinia) - Supervision of the mission’s findings database.

Supervisor: Dr G. Castangia (University of Cambridge, United Kingdom).

*October 2011*

*Capri Island* (Italy): systematic field survey.

Supervisor: F. Nomi (“Sapienza” University of Rome).

*September 2011*

*Coppa Nevigata* (Manfredonia, Italy): excavation of Bronze Age layers and archival of archaeological records.

Supervisor: APro A. Cazzella (“Sapienza” University of Rome).

*May 2011*

*San Gavino Monreale Castle* (Cagliari, Sardinia): excavation of Middle Age layers, documentation and archival of archaeological records.

Supervisor: APro F. R. Stasolla ("Sapienza" University of Rome).

*July 2009*

*Muro Tenente* (Brindisi, Italy): excavation of Messapic Age layers (3rd century BC).

Supervisor: Dr G. J. Burgers (Koninklijk Nederlands Instituut Rome).

## **LANGUAGE SKILLS**

MOTHER TONGUE                      ITALIAN

OTHER LANGUAGES                      ENGLISH (C1)

## **TECHNICAL SKILLS**

Optical microscope

Petrographic microscope

3D survey laser scanner applied to archaeological artifacts

Adobe Creative Cloud (Photoshop, InDesign, Illustrator)

G.I.S. technology (QGis, AutoCAD Map 3D).

AutoCAD 2017.

Microsoft Office suite (Word, PowerPoint, Excel).

Archaeological drawing (plans, sections, front elevations).

Use of total station.

## **DRIVING LICENCE**

Category "B" – EU Driving Licence
